---

Always eager to learn, coming from Brazil after graduating from hospitality school, currently seeking a full-time web development position. Experienced HTML5, CSS3, Bootstrap, JavaScript, jQuery, Firebase, Node.js, MySQL, Sequelize, MongoDB, Mongoose, React, Express and Heroku deployment. Additionally, expert in customer service and making the workplace enjoyable, fluent in Portuguese and Spanish.

EDUCATION

University of Utah, Sandy, Utah   September 2017 – March 2018
University of Utah Coding Bootcamp – Full-Stack Web Development
An exciting 24-week program focused on designing and developing web applications. Skills learned include, but not limited to HTML5, CSS3, Bootstrap, JavaScript, jQuery, Firebase, Node.js and MySQL.

Faculdade de Turismo da Bahia, Salvador, Brazil   March 2000 – November 2003
B.A. Tourism (Hospitality)
Achievements:
- Marketing Director and Vice President of the Student Council
- President of the Graduation Committee

APPLICATIONS BUILT

Purple Tree (Awarded Most Creative Project)
- Choose your own adventure story for kids. Stories can be added dynamically making the application easy to maintain. It allows you to login with a Github or Facebook account. Future development will allow people to submit their own stories.
- Lead JavaScript Developer
- https://raphatapi.github.io/purple-tree/

Up-Keep (Awarded Most Useful Project)
- An application developed to help homeowners with their projects. It suggests tasks based on category or season. It will also inform the level of complexibility. Users can learn "how-to" by searching for videos or contact a professional by Yelp's API.
- Backend Developer
- http://up-keeps.herokuapp.com

RELEVANT EXPERIENCE

Swiss Property Management   June 2008 – Now
Managing Director

- Started business from the ground up. Helped implement and integrate systems to manage time keeping, bookkeeping, email, data management, web design and marketing.
- Used those systems to improve communication with employees, vendors and clients. Made the brand strong and reliable increasing company's revenue each year.

ADDITIONAL WORK EXPERIENCE

- Bookkeeper and Accountant at Nantucket Island Resorts   April 2005 – November 2007
- Restaurant Manager at Deer Valley Resort   November 2007 – April 2012
- Ski Instructor and Supervisor at Deer Valley Resort   December 2003 – April 2008
